

★ Being a column in which the publisher just "blows off the steam" . . .

ONE OF Stamford's good citizens, the town's idiot, is credited with the theme of this story:

A man passing through that neighboring village saw indications of amazing marksmanship all about—on trees, barns and fences. Numerous bull's-eyes, each with the bullet hole in the exact center, proved astounding.

He asked to meet the expert shot, and it turned out to be Nutsy Goofus, the village idiot.

"This is sensational. How in the world did you do it?" the visitor asked.

"Easy as pie," was the answer. "I shoot first and draw the circles afterward."

★

WITH SPRING manifesting itself on every hand, and with work around the house in flower beds and gardens becoming the order of the day, we have forebodings like the ones mentioned in the little rhyme below:

A man may plant a garden
And work like any vassal.
He wonders if the beans will grow,
But never doubts the grass'll.

★

TOMORROW constitutes a challenge with opportunities; a new slate without marks or blemishes.

Tomorrow is a great day. It is the day when we will think clearly and act with assurance and energy. Decisions which baffle us today will be made with confidence. Tasks which irk us will be pleasant and satisfying. Problems which today seem to defy solution will then be dissolved with ease. Today we are harassed, upset and worried. Tomorrow everything will be under control, the clouds dispelled, sunshine everywhere.

But when tomorrow becomes yesterday, somehow the glamor and fascination are gone. Its appearance is but faintly related to the proud picture our wishful thinking had tricked us into accepting.

If tomorrow, when it has become yesterday, is not to disappoint us, we must handicap it neither with the burdens of today nor with expectations of great achievement. Tomorrow will be another normal day. If today we meet our problems and our tasks like men, tomorrow's sun shall rise and set upon our labors with a smile.

★

THE PASTOR of a church has a pretty tough assignment trying to please his people and others. The following clipping was handed to The Herald, which points out the problem:

If the pastor is young, he lacks experience; if his hair is gray, he is too old.

If he has five or six children, he has too many; if he has none, he is setting a bad example.

If his wife sings in the choir, she is being too forward; if she doesn't, she is not interested in her husband's work.

If he speaks from notes, he has "canned" sermons and is dry; if he speaks extemporaneously, he is not deep.

If he spends too much time in his study, he neglects his people; if he visits, he is a gad-about.

If he is attentive to the poor, he is playing to the grandstand; if to the wealthy, he is trying to be an aristocrat.

If he suggests improvements for the church, he is a dictator; if he makes no suggestions, he is a figurehead.

If he uses too many illustrations, he neglects the Bible; if not enough, he is not clear.

If he condemns wrong, he is cranky; if he does not, he is a compromiser.

If he preaches an hour, he is windy; if less, he is lazy.

If he preaches the truth, he is offensive; if not, he is a hypocrite.

If he fails to please everybody, he is hurting the church; if he does please everybody, he has no convictions.

If he preaches to tithe, he is a money-grabber; if he does not, he is failing to develop his people.

If he receives a large salary, he is mercenary; if a small salary, it proves he isn't worth much.

If he preaches all the time, the people get tired of hearing one man; if he invites guest preachers, he is shirking responsibility.

It may be a monologue when one woman is talking; but when two women converse it's a catalogue.

VOLUME 49
NUMBER 49

HAMLIN, TEXAS, FRIDAY, MARCH 26 NINETEEN HUNDRED AND FIFTY-FOUR

ISSUE 21
NUMBER 21

WELCOMES DUVAL COUNTY MOTHERS—Governor Allan Shivers welcomed 26 Duval County mothers in Austin March 18 and told them the state "with the help of fine women like you," will wipe out alleged corrupt conditions in Duval County. Mrs. J. J. Trevine of Benavides hands the governor a letter which she had read to him about conditions in Duval County and asked his aid. The county has been the center of a turbulent political situation for years.

City Election Developing into Lively Bout for Four Offices

Rumor-Infested Street Talk Pegs All Sorts of Issues

What started out as a nice quiet race for city officials in Hamlin apparently is developing into a full-fledged street-talking, rumor-infested campaign, it was indicated by mid-week from spot checks made by a Herald representative.

However, since a member of the paper's staff had been inveigled into allowing his name to go on the city ticket, he was so close to the woods he couldn't see much for the trees.

With two citizens seeking the one mayor's place, and four others in the running for three places on the council, the races that seemed to be shaping up were bringing out pro and con discussions on all sorts of matters pertaining to city government—and some issues not pertaining to anything.

Discussions about street paving, city water and sewer line extensions, pay for the volunteer firemen, city manager form of government, utilities rates, property valuations and tax rates, city employees, police department and law enforcement provided most of the subject matter for discussions among prospective voters and those who failed to pay their poll taxes.

O. D. Roland and Willard Jones are in the mayor's race; Gene Prewitt, B. O. Bell, W. S. Seals and Joe Culbertson have their names on the alderman ticket. The election will be held at the city hall on Tuesday, April 6. J. E. Patterson has been named as election judge. Clerks will be Mmes. Sarah Jayroe, C. C. Prater and Brad Rowland.

First Day of Spring Brings More of Same

First day of spring Saturday brought typical blustery, rainless and dust-filled skies that have been the rule for the Hamlin region for several weeks.

But people of the section were given renewed hope for moisture first of the week as clouds could be seen floating overhead Monday morning.

Temperatures have been normal in the section, following two late freezes the first part of the month that further nipped fruit trees and flowers.

Hamlin Accounts For Half of Gain in County Scholastics

Almost half of the gain reflected in the scholastic census of Jones County this year is accounted for in the Hamlin Consolidated Independent School District, according to tabulations just released by County Superintendent of Schools Everett Beaver.

The enumerations in the nine school districts of the county are being completed, and the tabulations to the state Department of Education go through Beaver's office. State aid for the schools is based on the enumerations submitted, Beaver explains.

Increase of 97 in the scholastic population of Jones County is disclosed in the new census figures. Hamlin had an increase of 43.

The county now has 4,464 children of school age compared with 4,367 last year. Rolls of the nine districts are county carry 4,138 white and 326 colored scholastics.

Census figures by districts follow: Swenson, 18; Noodle-Horn, 156; Hodges, 75; Anson, 961 white and 69 colored; Avoca, 171; Hamlin, 958 white and 124 colored; Hawley, 183; Lueders, 274; Stamford, 1,342 white and 133 colored.

Leasing Booms as Deeper Cambridge Level Probed

Second Burglary Attempt Nipped by Jay Firm Owner

Second attempt within a week to burglarize Jay Implement Company was thwarted last Friday night about 9:30 o'clock when the would-be robbers were caught in the act of getting away with the concern's safe in a new pick-up truck.

Eddie Jay, owner of the firm, went to the building Friday night and discovered two young men in his place of business. As he entered the pair fled southeast. He gave chase, but was outdistanced and lost them in the darkness near the Fred B. Moore Grain Company feed mill. On returning to his business, he found the big iron safe of the firm loaded in a new International pick-up that was on the display floor. How the safe was loaded was not determined.

The Jay firm was burglarized the previous Thursday night, and about \$150 in cash was taken from the safe.

No arrests have been made in connection with the activities.

Eighth Graders Make Tour of Abilene Firms

Sixty-five eighth graders from Abilene Junior High School made a tour of Abilene Wednesday that brought "ohs and ahs" from the group of youngsters. They were accompanied by Junior High School Principal Marvin Carlton and G. T. Black and Mrs. C. W. Griggs, teachers.

On the tour the group visited the Southwestern Bell Telephone Company, The Abilene Reporter-News, Griffith Boot Company, Coca Cola Bottling Company, Mrs. Baird's Bakery, Radio Station KWKC and the Abilene Municipal Airport. They had lunch at noon at Fair Park.

Farm Bureau Session Set Tuesday at Anson

Farmers and ranchers of the Hamlin territory in Jones County are being invited this week to be present at an organizational meeting for a Jones County Farm Bureau unit, to be held Tuesday evening at the Anson High School cafeteria.

A kick-off supper will be staged in the cafeteria at 7:30 p. m., and a meeting will follow at which the plans, workings and projects of the Farm Bureau will be explained by visiting officials of the state-wide organization.

More Singers for County Singing Convention Tabbed

More and more quartets have indicated they will take part in the sixty-second annual Jones County Singing Convention, Gayle Baize, president, said this week.

The Tankersley family of Knox City will have a senior quartet and a junior quartet. Among the others who have indicated they will be on hand are Halley Chatwell and his Haskell County quartet, the Divide Quartet, the Turner Trio from Haskell, Abilene Stamps Quartet, Dewey Niedecken and his Key City Quartet of Abilene, and quartets and other singers from Hamlin, Rotan, Haskell, Cisco, Lubbock, Lamesa, Roaring Springs, Caleman, Roscoe, Eastland, Sweetwater, Brady and other towns.

C. L. Metcalf to Open Radio and TV Shop

C. L. Metcalf of Rotan was in Hamlin Wednesday making arrangements to open a Radio and TV Service Shop in the building between the Hamlin Hotel and Dillingham's Barber Shop.

Metcalf said he would move to Hamlin within a few days, and the shop will be opened probably next week. He has had 14 years' experience in this vocation.

Calvary Baptists Host Young People's Meet

Members of the Calvary Baptist Church in Hamlin were hosts to the monthly meeting of the North Colorado Association young people Tuesday evening. Mrs. J. S. Sheppard, wife of the pastor, was leader for the program, theme of which was "Bombs in the Church."

Deeper Pay Strike Would Verify Oil Geologists' Beliefs

Oil leasing activity in the Hamlin territory was reaching almost boom proportions this week as the word spread that the Cambridge oil strata, a deep pay zone in this section, is getting renewed attention from drilling operators.

With a number of producers having been developed southwest of Hamlin, north of Merkel, in that strata, drilling outfits have already made arrangements to explore the region closer to Hamlin. Early reports are that prospects for a new pay in that section are good. The strata lies roughly about 6,200 feet deep, just above a granite shelf that covers the Ellenburger level.

Operators now drilling in the section are slated to go to the Cambridge. Hunt Oil Company is scheduled to explore the Cambridge in the Bernard Bryant test, eight miles north of Hamlin. The Southern Minerals Company also plans to go to that strata in its Percy Jones test, 11 miles north of Hamlin, across the river in Stonewall County.

Geologists have contended for years that they believed there is good paying oil at a deeper level than the Swastika and Canyon sands that are producing most of the oil in the Hamlin section.

Good Sized Crowd Sees McCaulley Class Play

Good sized crowds attended the annual play of the junior class of McCaulley High School when the group Tuesday evening presented "The Ginger Girl" in the school auditorium.

Members of the cast were Douglas Cory, Sara Kean, John Faught, Collene Kelly, Dwayne Potts, Frankie Andrews, Robert McElroy, Jimmy McElroy, Shirley Potts, Kenneth Young, Gene West and Milton Carter. Mrs. Fred Kemp is class sponsor.

Singing Scheduled at Dovie Church Tonight

Regular Friday evening singing will be conducted this (Friday) evening at 7:30 o'clock at the Dovie community church, five miles northeast of Hamlin.

Singers and song lovers of the area are invited to attend and participate in the singing, community leaders declare.

Producers and New Projects Continue To Highlight Oil Activity in Hamlin Area

With much activity shaping up for the immediate future in the Hamlin area, the oil business has taken on new life this week. However, one producer, one ready for completion, one re-entry and three other locations are tabulated for the past several days.

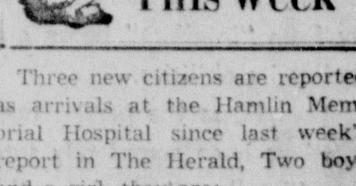

Texas Pacific Coal & Oil Company's No. 1 W. F. Kirkpatrick test was completed as a dual producer five miles northwest of Hamlin in the Toler field. From the Swastika it had a daily potential of 126.43 barrels of 40.5-gravity oil. Flow was through a 16-64 inch choke with 180 pounds casing pressure from 36 perforations at 3,807-13 feet. Daily potential from the Canyon was 81.42 barrels of 41-gravity oil through a 16-64 inch choke with 180 pounds tubing pressure. It is producing from 60 perforations at 4,463-73 feet. The casing is set at 4,524 feet. Total depth was 4,526 feet, plugged back to 4,490 feet. Location is in the M. Yopp Survey.

Signal Oil & Gas Company's No. 1 Trammell et al, wildcat four and one-half miles northwest of Hamlin, was running tubing for completion attempt. Completion will be in the lower Canyon sand, where a drillstem test was taken at 4,994-5,005 feet. The test re-

covered 110 feet of oil and 30 feet of oil-cut mud.

General Crude Oil Company has filed application to re-enter its No. 3 A. G. Gonzales, previously abandoned Round Top field project.

See OIL ACTIVITY—Page 3

Who's New This Week

Three new citizens are reported as arrivals at the Hamlin Memorial Hospital since last week's report in The Herald. Two boys and a girl, they are:

A boy for Mr. and Mrs. Charles Johnson was born March 16 at 5:41 a. m. Weighing six pounds four ounces, he has been named Charles Dwayne.

A girl for Mr. and Mrs. Donald Lee Gregory arrived March 18 at 2:05 a. m. Tipping the scales at six pounds, she will answer to Terry Lynn.

A boy for Mr. and Mrs. Louie Mac Hardy discovered America March 22 at 5:25 a. m. He will be called Dan Harrison. He balanced the scales at six pounds 11 ounces.

WHITE ELEPHANT

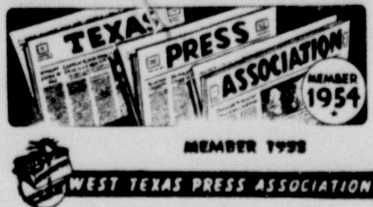

Do you have a white elephant in your closet? If so, and if there is anyone in the Hamlin area wanting it, a classified ad in The Herald will do the job . . . and at a low cost to you. Just call 241.

OUR GROWING INVOLVEMENT IN INDO-CHINA

While we here in the Hamlin section may feel smug in our unconcern with world affairs, we must not lose sight of the big principles that might lead us into another way.

Reports from the Far East indicate that the Chinese Communists are accelerating their aid to the Vietminh forces in Indo-China. The latest intelligence also reveals increasing Russian participation in this war, the latest Russian gesture being a reported offer to give the Vietminh forces some 100 transport planes.

No doubt the Russian government continues to tell its Communist inhabitants that the Russians are taking this action only to counter similar action on the part of the United States. Nevertheless, the continued Russian and Chinese support for the Vietminh forces in Indo-China brings up the question how the United States will increase its support to the French and Vietnam forces.

The United States is countering the increased Soviet and Chinese aid program by increased aid programs of its own. President

Dwight D. Eisenhower, in a recent press conference, noted that the United States had technical missions in a number of countries, and, when asked whether the technical aid to Indo-China was being increased, he replied that it might well be. He assured legislators a few days later aid would include no troops. Shortly afterwards, it was announced that the United States was making available to French and Vietnam forces a number of military aircraft.

The question at present is whether the United States will allow volunteers to go to Indo-China to fight with French and Vietnam forces. The outlook is apparently that volunteer technicians will be allowed to serve, although ground forces are currently ruled out.

There is no escaping the fact that Communist forces are increasing their aid to the revolutionaries in Indo-China and that the French are hard-pressed. If the United States is to save the situation in Indo-China, as it was saved in South Korea, increased aid may be needed.

RECALLING Other Years

☆ Being news items taken from old files of Your Home Town Newspaper The Herald

TWENTY YEARS AGO.

Among happenings of 20 years ago in the Hamlin community included the following, taken from the issue of The Hamlin Herald dated March 23, 1934:

Charlie Bryson motored to Baylor-Belton College last week to visit his daughter, Della, and his son, Edward Bryson. On his return his children, with Geneva Albritton of Baylor-Belton and Florence Boyd of Baylor University came home with him for a visit with their parents.

Little Bettie Lou Ferguson of Dallas came home with her grandmother last week for an extended visit in Hamlin. Mrs. Ferguson and daughter, Monique, and Mrs. H. O. Cassle Jr. also came for a sport visit.

Mrs. W. T. Cherry entertained the Colonial Contract Club at her home on Hope Avenue Tuesday afternoon. Attending were Meses. Bob Lowe, G. Martin, Mac Brundage, Alfred Harden, J. E. Moody, Turner Bynum, Elmer Feagan, Paul Fowler, A. D. Ensey, Frank Waggoner C. C. Prater and A. E. Pardue.

Mr. and Mrs. Fred B. Moore visited at Dallas from Thursday until Saturday of the past week.

Lewis Ezell has returned to his old home town of Hamlin after spending several years in California.

ELEVEN YEARS AGO.

Among happenings in the Hamlin community 11 years ago were the following, as reproduced from the issue of The Hamlin Herald dated April 2, 1943:

Cotton ginnings in Jones County for the 1942 season totaled 53,244, according to official counts made by the government just released. This compared with 61,149 for the 1941 season.

Club boys of the county already are looking toward next year's livestock show. Several Hamlin area boys are selecting their calves for the next exhibition.

More than \$944 was collected last Tuesday night at the door of the Elementary School as citizens went to attend the victory concert, with proceeds going toward the war effort. This is enough to purchase a good American jeep.

Mr. and Mrs. Johnny Wood came up from Grand Prairie the past week-end to be with their son, Sailor James Wood, who is training for the service.

First Lieutenant Frances R. Bailey, daughter of Mr. and Mrs. Ed Bailey, who is with the Army Nurses Corps, has informed her parents that she has crossed the equator and that it is very hot. Just where she is is not known.

FIVE YEARS AGO.

Among news items carried five years ago in The Hamlin Herald were the following, taken from the issue dated March 25, 1949:

Hamlin area received a good rain first of the week that brought the year's total rainfall to 6.02 inches.

Lane Fletcher, son of Mr. and Mrs. Watts Fletcher of the Neinda community, lost a portion of a finger when a door at the school was slammed on the member.

The 1938 model Chevrolet coupe belonging to A. E. Muckels, a Katy Railway employee, was stolen Wednesday afternoon from its parking place near the Katy depot. Muckels had left the key in the car.

Clyde Alexander of Abilene has been named manager of the Safe-way store at Hamlin.

Pat Marlow was elected president of the Hamlin Rotary Club at its meeting Wednesday at noon.

Sixty new street lights have been ordered by the City Council for installation soon.

Clyde Huff has been named commander of the Veterans of Foreign Wars of District 8 at the annual meeting Tuesday at Anson.

ONE YEAR AGO.

From the files of The Hamlin Herald dated March 20, 1953, the following year-ago items are reproduced:

Annual Red Cross fund drive in the Hamlin community has gotten off to a slow start, according to Dr. W. S. Seals, drive chairman. Total returns reported Tuesday morning were \$862.55. Quota for the community is \$1,741.

New sanctuary for the Oak Grove Colored Baptist Church is nearing completion in Northeast Hamlin. The completed building will be valued at about \$11,500, although much of the material and labor have been donated. The church is being erected as a project of the Men's Brotherhood of the First Baptist Church.

Sybil Turner of Hamlin and Dorothy Faye Altum of Abilene will be united in a double wedding ceremony to Troyce and Loyce Hargrove, twin sons of Mr. and Mrs. W. C. Hargrove of Hamlin Sunday afternoon.

Largest Run of Sheep in Months Fails to Make Prices Sag Too Much Monday

Largest run of sheep to arrive in Fort Worth this season was on hand Monday, and the run was the biggest since June, 1953, declares Ted Gouly, special market reporter for The Herald, in his weekly release from Fort Worth. The release continues: Orders for sheep and lambs from all parts of the country were reported during the day, and trade was active after a rather slow start.

Prices were favorable despite an offering of nearly twice as many sheep around the major marketing circle as last Monday. Milk fat lambs were strong to 50 cents or more higher, and the top of \$26 was \$1 above the best so far this season. Shorn old crop slaughter lambs were about steady with the close of last week in a very uneven trade. Yearlings were strong to \$1 higher and topped at \$19, a new high for the class for the season. Older sheep were fully steady.

Cattle trade was again highly uneven, with trade slow and prices steady to weaker on most kinds. It was another session in which the buyers were apparently under no pressure for supplies, and there were some soft spots in the prices of virtually all kinds.

Butcher hogs were 50 to 75 cents higher and topped at \$26.50 to \$26.75, while sows were steady to 50 cents lower at \$23.50 downward.

Good and choice milk fat lambs cashed at \$23 to \$26, and cull to medium offerings cashed at \$16 to \$22. Shorn old crop fat lambs bulked at \$19 to \$21.50, when good and choice, while one lot of lambs with No. 1 pelts topped at \$22. Cull to medium kinds sold from \$12 to \$18.50. Yearlings and two-year-old wethers sold from \$14 to \$19, and old wethers sold from \$11 to \$14. Slaughter ewes sold from \$6.50 to \$9.50, a few higher. Old bucks sold from \$4 to \$6.

Good and choice slaughter steers and yearlings cashed at \$18 to \$22, and individual club calves topped at \$24 to \$25. Common and medium slaughter steers and yearlings sold from \$13 to \$17, with some cutter grades down to \$10.

Fat cows cleared at 10.50 to \$12.50, a half load of outstanding high yielding cows at \$13.50. Canners and cutters cashed at \$7 to \$10.50. Bulls sold from \$10 to \$14.50, odd head to \$15.

Good and choice slaughter calves cleared at \$16 to \$19, with a few

Edward Baker Gets Korea Service Award

Airman First Class Edward E. Baker, now serving with the 67th Food Service Squadron of the U. S. Air Force in Korea, was awarded the honor, airman of the month, for his squadron for the month of February. This award is given for conduct and military bearing, outstanding achievements, leadership, devotion to duty, initiative, perseverance, attitude and character. He is now night mess sergeant of one of the dining halls.

Airman Baker's wife is the former Gwen Norris, who with her daughter is now living with her parents, the W. A. Norrises, in Olney. They formerly lived at Hamlin.

fancy fat calves to \$20. Common and medium offerings sold from \$13 to \$16, and culls sold from \$10 to \$13.

Good and choice stocker steer calves and stocker steer yearlings cashed at \$16 to \$19, and heifer calves and heifer yearlings sold around \$2 to \$3 under comparable steers. Stocker cows cashed at \$10 to \$13.

Good and choice butcher hogs weighing 190 to 260 pounds sold from \$26.50 to \$26.75, while lighter and heavier weights sold from \$24 to \$26.25. Sows cashed at \$21 to \$23.50.

Sunday School Attendance Climbs Back After Slump

Sunday School attendance in Hamlin churches staged a rally Sunday following the major drop that was recorded the previous Sunday. Total attendance at the schools of the 11 churches reporting was 1,083 Sunday, compared with 978 for March 14. Both of these figures reflected a gain over attendance for a year ago of 955. Tabulations of the 11 churches' attendance for March 21, March 14 and a year ago follow:

Church—	Mar. 21	Mar. 14	Year Ago
Assembly of God...	44	40	31
Faith Methodist...	50	59	45
No. Cen. Baptist...	81	83	74
Unit. Pentecostal...	81	83	74
First Baptist...	422	390	389
Calvary Baptist...	73	63	65
Mex. Baptist...	21	21	36
Ch. of Nazarene...	80	55	66
Church of Christ...	137	125	128
Oak Gr. Col. Bap...	73	50	30
Foursquare Gosp...	56	47	63
Totals.....	1083	978	955

Conditions have changed. While the old-fashioned girl hesitated to hold a man's hand, the modern girl is afraid to let go.

HERALD HAMLIN

Let's Go and Let's Do!

Millions of hours, all over the world, could be put to profitable use if less time were devoted to meaningless talk in conferences and long lunch hours and if there were more people who would just say: "Let's go!"

When we keep moving we keep learning. Columbus discovered that—as well as a new world. How many groups of idle talkers have been brought to action by the words: "Well, what are we waiting for? Let's go!"

We need this spirit in our Hamlin community, in our civic clubs, in the Chamber of Commerce, in the women's clubs.

There is another two-word combination that has teeth in it, "Let's do!" These are good partners—"Let's go!" and "Let's do!" They leave a lot behind and open up a lot ahead. We cannot go very far, however, unless we have something to go with—ideas, purpose, plans and a will to carry them through. And we can't go very far with a pack of burdens upon our backs, or in our minds, such as worries, disappointments and failures. There is plenty of space behind for all such things. Let's leave them there!

You Are a Philosopher

Whether you want to be or do not want to be a philosopher, you have to be one. Every man develops some sort of philosophy—even the confirmed criminal who is proud of his "profession."

Professional philosophers are guessers, but we study them because they have guessed more "truth" that makes life worthwhile than the average man can guess for himself. Science gives us knowledge, but philosophy gives us what is more important—wisdom.

Don't Hide Your Light

A personnel manager of a large concern, who should be in a position to know what he is talking about, has dared suggest that boredom, job dissatisfaction, comes most frequently from "intellect" being employed too long below its abilities.

Sometimes the person responsible for promotions is so completely surrounded by restless "intellects" who know they are good (and find ways to make it known) that he neglects to advance the quieter, but equal or superior intellects. Those men and women—maybe bashful, maybe wholly wrapped up in their tasks in the company and in its success—forget to advertise their own worth and abilities. They stay put, but in time boredom sets in.

Surely such boredom and its following inefficiency comes from job dissatisfaction, from hopes frustrated, stalled. It comes when intellect is employed too long below or just even with its abilities.

What You Do with Time

According to a study made by a University of Wisconsin psychology class, if you live to be 70 years of age you will have spent one year on the telephone, about 20 years sleeping, two months signing pay checks for 20 solid years of work done, five years shaving and dressing, five months tying shoes, two and one-half years in bed, two and one-half years smoking, seven years in sports and three years just waiting on something or somebody. They don't say where you will have spent the rest of your time.

Budget Cuts Essential

The national administration must intensify its economy program, regardless of attacks on it by spenders and "do-gooders."

The administration did a good job in cutting more than \$6,000,000,000 from the budget it inherited from the previous regime for the current fiscal year. Indications are that the budget for the next year will be five or six billions below the current year.

That represents commendable progress, even though budget balance is not yet assured. If Congress agrees to the administration's proposals, it means that the government is curing itself of "the ingrained habit of extravagance."

This is all to the good. A balanced budget means a sound dollar and an end to the threat of inflation. The administration must continue to strive for further reductions in spending, regardless of the demands of pressure groups.

This Description Fit You?

You may easily recognize him as you meet him on the street, with shoulders erect, head held high, a friendly smile beaming for you as he approaches. You pass the time of day and engage in conversation. He listens attentively to your problems and troubles, and is joyful over your successes. He is a good citizen and neighbor.

He is sincere and faithful in his belief; however, he is tolerant of all creeds. Prejudice is no part of his being, nor is there any hatred in his heart. Among other virtues you will recognize his sincerity and honesty at all times. He is a citizen and neighbor.

Where'er he goes he spreads goodwill and is always willing and ready to add another burden to his already overloaded shoulders if it will help someone less fortunate. He loves his country with a fervent patriotism for both nation and state, yet believes in the brotherhood of men and nations throughout the world. He is a good citizen and neighbor.

A man should keep his friendships in constant repair.—Samuel Johnson.

The Herald's Page for Women

Literary and Fifty-Two Study Clubs Hosts at Book Review by Abilenian

Mrs. Bro Mingus of Abilene was featured on the program last Friday when members of the Hamlin Literary Club and the Fifty-Two Study Club had their guest day tea at the First Methodist Church.

Guests were greeted in the fellowship hall by members of both clubs, and tea was served from a table laid with a white Madeira cut-work linen cloth and appointed in silver and crystal, with double crystal holders containing tall white candles on either side of a large arrangement of purple stock and pink carnations.

Hostesses at the serving table were Mrs. Weldon Johnson and Mrs. Joe League.

"Try Giving Yourself Away" by David Dunn was the book chosen by Mrs. Mingus to review. In the book Mr. Dunn brought out that some people have a hobby of collecting such items as crystal or antiques, but his hobby is collecting glows. That is, his hobby is making people happy and in making people happy he gives them a glow and also collects a glow for himself. He suggests that, if you are seeking happiness (and what person isn't?), try the hobby of collecting glows. He states that we have impulses to do good, such as write friendly notes, pass compliments, and we should obey those impulses before they cool off.

The following quotations from the book were used by Mrs. Mingus: "Success is a journey—not a destination;" and "He gives nothing who does not give himself."

Mrs. J. W. McCrary played organ selections as the guests arrived.

Mrs. Stanley Carmichael, president of the Literary Club, welcomed the guests and presented Mrs. Ferd B. Moore Jr., president of the Fifty-Two Study Club, who introduced Mrs. Mingus.

There were approximately 200 guests, including out-of-town visitors from Abilene, Anson, Rotan and McCaulley. Among the out-

of-town guests was Mrs. Roy Herndon of Anson, mother of Mrs. Mingus.

Those assisting with the committees were Mmes. W. F. Martin, Gene Prewitt, Noel Weaver, Gerald Young, Gene Grice, Wilson Brannon, R. D. Moore, Buren Carlton, H. O. Cassie, W. T. Johnson, Bill Shira and Thomas Ferguson.

The house party included Mmes. Weldon Johnson, Joe League, Tate May, B. O. Bell, Jack Richey, C. D. Leonard, Vernon Townsend, L. H. McBride, E. J. Hawkins, M. T. York and Virgil Steele.

Meat Demonstration Given at McCaulley Club Gathering

Miss S. C. Kinsey, Fisher County home demonstration agent, gave a demonstration on "Meat Cookery," when member of the McCaulley Home Demonstration Club met in the home of Mrs. Ray Waberry last Thursday afternoon. Twelve members and one visitor were present.

It was reported that the club made \$34.81 at the club ball game recently.

The club adjourned to meet on April 1 with Mrs. Della Fancher. The previous meeting was with Mrs. Leo Masser at Celotex. It was a business meeting, attended by 12 members and two visitors.

Lavern Higdon to Wed Darrell Warren

Mr. and Mrs. R. W. Higdon are this week announcing the engagement and approaching marriage of their daughter, Laverne, to Darrell Warren of Baird.

The wedding is scheduled for May 8 in Hamlin at the Church of the Nazarene.

Young Warren is the son of Mr. and Mrs. Ira C. Warren. He is employed by an oil company at Baird. Miss Higdon is employed at Lowe's Beauty Shop in Abilene.

How Do Your City and County Rate on Your Scoreboard?

The Herald feels that a growing concern about Hamlin and the surrounding territory in regard to its attributes and facilities—as well as its drawbacks and lack of facilities. Such a concern is desirable, because with a realization of conditions, an alert citizenship can do something about the improvements.

Another West Texas newspaper recently presented a questionnaire of 40 statements and questions about its community that created considerable interest. We are taking our cue from that feature, revising it here and there to fit situations here. Here is a game you can play, and find out how you feel about your home town and community. Circle your answers to the various statements:

1. Most high school graduates stay in town.....Yes No
2. Getting a loan on a sound business venture is easy.....Yes No
3. The local paper constantly pushes civic improvements.....Yes No
4. There's a Chamber of Commerce with a live manager.....Yes No
5. Local speeders pay the same fine as out-of-towners.....Yes No
6. There's a place to swim within easy reach.....Yes No
7. Young couples have little trouble finding a place to live.....Yes No
8. The head of your city government is a "get-things-done" man.....Yes No
9. The head of your county government is a "get-things-done" man.....Yes No
10. Teachers' salaries are better than the state average.....Yes No
11. Town entrances are free from junk, shacks and billboards.....Yes No
12. There is at least one doctor per 800 people in your county.....Yes No
13. There is a library with a good collection of recent books.....Yes No
14. Newcomers quickly feel they are part of the town.....Yes No
15. Schools have plenty of room for students.....Yes No
16. There is an active, well organized Boy Scout program.....Yes No
17. There is an organization for girls as well.....Yes No
18. Service, veterans' and women's clubs team up on worthwhile projects.....Yes No
19. A modern hospital is within your trading area.....Yes No

20. All streets are paved and sidewalks are in good shape.....Yes No
21. Well-stocked stores keep shoppers in the town.....Yes No
22. There's a hotel or motel you would enjoy if you were a visitor.....Yes No
23. It is easy to find parking space in the business section.....Yes No
24. At least one restaurant serves outstanding meals.....Yes No
25. The sewer extension program keeps up with the new housing.....Yes No
26. It is easy to get volunteers for any worthwhile project.....Yes No
27. Public toilets are provided for farm folk shopping in town.....Yes No
28. Prompt, reasonably priced ambulance service is available.....Yes No
29. Fire insurance rates are low for your type of town.....Yes No
30. There's an annual Clean-Up, Paint-Up, Fix-Up Week.....Yes No
31. Streets throughout the community are well lighted.....Yes No
32. More than half the church congregations are of people younger than 40 years.....Yes No
33. There's an ample supply of good drinking water.....Yes No
34. There's a recreation center where young people can meet.....Yes No
35. Shade trees line nearly all the streets.....Yes No
36. The business section has a modern, prosperous look.....Yes No
37. There's as much interest in local as national elections.....Yes No
38. The tax rate is attractive to new industry.....Yes No
39. There is a community council to guide town progress.....Yes No
40. There is an active Parent-Teacher Association.....Yes No
41. Firemen are paid for their services.....Yes No

How did you rate Hamlin and Jones County? No questionnaire is fool-proof. But if you circled "Yes" on 30 or more of the virtues above, chances are you live in a town or county of which you are proud. If you didn't rate 30 "Yeses" there probably is work to be done by our citizens.

If you would like to see tabulations of the way you and your fellow citizens feel, bring or mail the completed questionnaire to The Hamlin Herald. Do not sign your name to the questionnaire. We are not concerned with personalities in this matter. Nor is the questionnaire submitted as a criticism of any person or group.

County Home Demonstration Council Plans for Observance of Special Week

A committee of five women was selected to plan a program for observance of National Home Demonstration Club Week, May 2 to 8, when the Jones County Home Demonstration Council met last Wednesday in regular session at the county agent's office at Anson.

Eleven clubs were represented, 21 members were present, and three visitors were present. Minutes were read and approved.

The three-E committee reported that a first aid school will be conducted at Stamford city hall March 23 and every Tuesday and Thursday. There will be nine lessons in all, and they will begin at 7:00 p. m. and dismiss at 7:30.

The recreation committee reported that 45 people attended the recreation school conducted by Lucille Moore, extension recreation specialist, March 4 and 5. No other committees had reports.

A letter was read by Miss Wainwright, home demonstration agent, from the Anson Hospital Auxiliary asking Jones County Home Demonstration Council to give a donation to the hospital for an oxygen tent.

Some 14 women will go to the district THDA meeting, which was scheduled March 24 at Seymour.

Mrs. Wayne Hendrick, THDA chairman, passed out work sheets for the coming year. These work sheets are due back to your chairman by April council meeting, it was pointed out.

Camp Fire Girls Go to Group in One Group

Hamlin's four groups of Camp Fire Girls climaxed a round of birthday week celebrations Sunday with mass church services at the First Methodist Church. The girls, from ages seven to 18, wearing their red and blue uniforms, sat in a special group for the Sunday morning preaching hour.

They were publicly recognized by the pastor, Rev. S. Duane Bruce.

Special activities during the past week were conducted by the girls and their adult leaders.

Baptist Women Go to Regional WMU Meet

Mrs. Tate May represented the Jones County Association of Women's Missionary Society at the WMU regional convention at Big Spring last Thursday and Friday.

Mrs. J. C. Greenway, president of the WMS of the First Baptist Church, Mrs. I. R. Hutchinson and Mrs. J. H. Howe also attended the meeting Thursday.

Handy Jim's FIX-UP TIPS For farm and home

Picnic Time Again!
ANYONE can have a picnic right in the back yard, providing there's a picnic table and benches. Now available is a free plan that makes this furniture for outdoor dining a simple acquisition.

With materials obtained from the lumber yard, the home craftsman will find this project a pleasure to build. Unlike the old style benches, the ones described in the free plan are separate, so one needn't climb over them to sit down. When the picnic's over, they fit neatly under the table!

The table is rugged and sturdy. Its smooth, splinter-free top is made of Masonite Tempered Presdwood, which will never split, splinter or crack. Rain, wind and snow won't affect it.

Another advantage of the design shown is that winter storage is made simple because one merely unbolts the "X" frame legs, folds them together and stores them. The table top can be hung on a wall in the garage or storeroom. Benches can be carried inside and used for wintertime or bad weather gatherings in the recreation room.

For a copy of the free plan, write Home Service Bureau, Suite 2039, 111 West Washington St., Chicago 2, Ill., requesting Plan No. AE-279. With it comes information for making comfortable lawn chairs.

In 1960 a German named Voelter perfected a system whereby wood pulp was substituted for rags, and the problem of cheaper and more newsprint was solved.

McCaulley Sophs Give Party Thursday

Members of the sophomore class at McCaulley High School staged a class party last Thursday evening.

Hot dogs, cake and pops were served to the following attendants: Don, Martha, Annie, Billy, Jo, Lloyd, Joy, Neal, Herman, Nadene, Charles, Carol, Evaline, Beth and Peggy; and the room mothers, Mmes. Glenn Henderson and Frank Kemp; and the class sponsor, Mrs. R. B. Hennington.

USE THE FINEST:
For the next interior decorating job, get the newest in paint finishes. Colorizer Drem Flat Wall Enamel and Colorizer Drem Semi-Gloss Enamel in 1,322 matching colors. It's washable—yes, scrubable. It's new, it's odorless—paint any time of year with windows and doors closed, no paint odor. As seen in Better Homes and Gardens and American Home, April issue out March 26.

There are a lot of girls who maintain that the greatest contribution made to mankind by science wasn't the atomic bomb, but peroxide.

Hamlin Women Go To District Institute At Wichita Falls

Five members of the Fifty-Two Study Club of Hamlin attended the First District Institute of the Texas Federation of Women's Clubs when it met last Thursday at Wichita Falls.

A door prize of potted azaleas was won by one of the Hamlin women, Mrs. Noel Weaver. Others going to the institute from the Fifty-Two Study Club were Mmes. Fred B. Moore Jr., W. F. Martin, Joe League and Wilson Brannon.

Among notables at the institute were Mrs. Lloyd McCloud, president of the First District; Mrs. M. S. Johnson, chairman of the First District Institute; and Dr. E. N. Goodrich, pastor of the First Methodist Church of Dallas, who was the principal speaker.

MODEL IN STYLE SHOW.
Mrs. W. B. Britton and daughter, Gayle, were in Spur Friday night, where Gayle was one of the models in the merchants' style show, which was sponsored by the Spur Study Club.

Don't let your desire to acquire outdo your desire to enjoy.

Immunization Is most Effective Way to Curb Contagious Diseases

"Immunization is superior to all other means of communicable disease control because immunization becomes part of oneself and is always there as a defense against certain diseases," declares Dr. George W. Cox, state health officer, in a release to The Herald.

"Immunization is the best and most effective means of protection against diphtheria, tetanus, smallpox, whooping cough and typhoid fever," according to Dr. Cox the ages that are best for immunization of children are: For diphtheria and tetanus, nine to 12 months; Schick test, six months later, re-immunize if immunity has not been established; smallpox, six to 12 months. Tetanus or lockjaw is not common; however, when it does occur it is usually fatal. The tetanus germ gets into cuts, scratches, abrasions and particularly deep wounds, so that it has always been an important problem of public health as well as military medicine.

Other ways to fight disease are through good sanitation measures. The provision of safe water supplies, the pasteurization of milk, the supervision of food and other precautions have in many communities reduced typhoid fever to a minimum. Isolation and quarantine have their place and are extremely valuable, but none of them has the quality of immunity, of being a part of oneself, and consequently always available.

Congress Considering Lease-Purchase Plan for Post Offices Over United States

Consideration is being given in the Congress to provide construction of federal buildings on a 15- to 30-year lease-purchase arrangement, says Congressman Omar Burleson in his weekly news letter, "Washington As It Looks from Here." He continues:

The House of Representatives approved such a bill last year. It would provide local money on competitive bids to build post offices, courthouses, warehouses, etc. The property would be leased back, and during this period, state and local taxes would be paid by the owner. At the end of the 15- or 30-year period when the lease terminated, title would pass to the United States.

No post office buildings have been constructed since before World War II. Shortly before the Korean conflict, the public works committee of the Congress was planning approval of one post office in each congressional district where most needed, but the legislation was abandoned because of the outbreak of the Korean war.

The tax bill passed by the House of Representatives last week is the first revision of the tax laws in 70 years. With the changes which have come about during this period, certainly it was needed. The bill was 875 pages in

length, including the appendix. There is considerable part of it which I do not like, but it was a matter of "take it or leave it," since it was brought on the floor of the House of Representatives under what is known as a "closed rule," which means that no amendments can be offered. I also deplored the action of the ways and means committee in not making available to members of Congress this huge document for study. It was released approximately four hours before debate started. It was impossible to read it, much less study it.

At President Eisenhower's news conference the other day, he had this to say:

"You know, the world is suffering from a multiplicity of fears. We fear the men in the Kremlin, we fear what they will do to our friends around them; we are fearing what unwise investigators will do to us here at home as they try to combat subversive or bribery or deceit within."

"We fear depression, we fear the loss of jobs. All of these with their impact on the human mind make us act almost hysterically, and you find hysterical reaction."

"We have got to look at each of those in its proper perspective . . . to understand what the whole sum total means. And remember this: The reason they are feared and bad is because there is a little element of truth in each, a little element of danger in each, and that means that finally there is left a little residue that you can meet only by faith, a faith in the destiny of America, and that is what I believe is the answer."

This statement of the president reminds me of an editorial appearing recently in The Abilene Reporter-News, referring to the criminal trials of witchcraft in the state of Massachusetts 262 years ago.

It seems the state Legislature of Massachusetts has approved a bill clearing the names of those hanged as witches at that time. The analogy drawn to the present day in connection with the mass hysteria which sometimes takes hold of the modern world. The Salem witch burnings, which lasted only a few months, operated under cover of the law, but modern hysteria sometimes takes many forms of violence, and its practitioners are not always careful to operate within the law. The quotation of Robert Burns, "Man's inhumanity to man makes countless thousands mourn," was used in the editorial most appropriately.

BURDENSOME JOB of running the affairs of state was forgotten for a few minutes this week when Governor Allan Shivers lifted a smiling, brown-eyed little girl to his knee. Five-year-old Karen Albrecht of San Antonio, the national Easter Seal child, called on the Governor to ask him to buy the first sheet of Seals in the twenty-first annual Easter Seal campaign which began last week. Karen, victim of cerebral palsy due to a birth injury, was selected to represent the thousands of crippled children who have been aided by the Easter Seal Societies.

Olin Amerson Attends Area Hereford Meet

All officers of the West Texas Hereford Association were re-elected for 1954 at an annual membership meeting of the group last Friday afternoon in the office of the Abilene Chamber of Commerce.

Re-elected were: Lee Atkinson of Throckmorton, president; Dorothea Griffin of Lawn, vice president; and Mrs. Rupert Harkrider Sr. of Abilene, secretary-treasurer. Date of the 1955 sale and a possible Hereford tour were discussed. As to a tour, the members agreed that one should be arranged if and when the drought is broken by good rains.

J. Olin Amerson, Hamlin breeder, was among the members present for the Abilene meeting.

The last paragraph of the editorial contains a very deep truth: "Fanaticism in all its forms is a threat to civilized institutions. Cool heads and hearts devoted to human welfare, based on the great precepts and examples that have come down to us in the scriptures are the only safeguards against the Silems of this world. Not only witches were executed at Salem. The Christian religion was crucified there."

Terrace Maintenance It Vital to Function For Best Results

Terrace maintenance is the key to a good terrace system, declare officials of the California Creek Soil Conservation District. As we know a chain is no stronger than its weakest link, and a terrace line or terrace system is no stronger than the weakest point in it.

A few district cooperators of the district have been doing a good job of terrace maintenance on their farms. Some of these are Berger Haterius in the Ericksdahl community, John Grand in the Paint Creek community, John Roddy in the Bunker Hill community, and Sam Baize in the Tuxedo community.

Terrace lines were run recently on the Boyd Lakey farm west of Hamlin, Vernon Lovvorn farm north of Stamford, and John Grand and W. J. Earles farms northeast of Stamford.

Terrace lines were completed and checked by technicians of the Soil Conservation Service for payment by the PMA on the following farms: Cleo Jones and Ira Treadwell of the Tuxedo community, John Ferguson and Seth Adams, who farm near Hamlin.

Conservation of Water Becoming One of State's Most Important Considerations

No people are more convinced than those of the Hamlin section that water is our most precious mineral. The farmer and rancher, as well as the city dwellers of Hamlin have had this realization forced upon them in the past four years. For that reason, readers of The Herald should find the following article about water consumption, written by John C. White, commissioner of the Texas Department of Agriculture, of considerable interest:

Water is our most precious mineral. It is an indispensable part of living. But in terms of present and future needs, it is growing alarmingly scarce.

The demand for water increases with each passing year. Water consumption records are set at an all-time high one month, only to be broken and surpassed the next month. It is a sobering fact we are using our available supply much more quickly than it is being replaced by nature.

According to W. P. Webb, author of "More Water for Texas," the population is doubling every half-century. If the consumption of water per capita remains uniform, the demand will double in the same period.

Actually, Webb points out, as the standard of living rises, as people move from the rural areas to the urban ones, consumption of water per capita will increase enormously.

For example, Texas in 1953 was consuming 34 times as much water as it did in 1890, although the population has increased only 3.2 fold. Texans were consuming 2.5 times the amount in 1950 that they did in 1940, although the population in that decade increased by only one-fourth.

In other words, each Texan is consuming 10 times the amount of water he did in 1890 and about twice the amount of 1940.

The ever-expanding industries in the state also are accounting for a terrific amount of our water—and will in years to come. They use many thousands of acre-feet of water.

An acre-foot of water equals an acre of land covered to a depth of 12 inches, or 43,560 cubic feet, or 325,800 gallons. Industry can make 22 tons of chlorine from one acre-foot, or 40 tons of sulphur, 36 tons of synthetic chemicals or 15 tons of rubber.

A surprising fact is that it takes 325,800 gallons of water to produce 200 pounds of beef or veal, or to grow 10,000 oranges or to raise only 200 pounds of cotton.

The estimated population of the nation by the year 2000 A. D. is expected to be some 227,000,000 persons, as compared with 151,000,000 in 1950. It is obvious that a vast water conservation project is needed if our water supply is to meet the demand.

Office Supplies at the Herald.

Support Prices Set for Wheat and Other Grains for Crop Year

Wheat support price for 1954 will be about the same as in 1953, according to a release to The Herald from the ASC government agency.

The support level directed by law is 90 per cent of parity, and the announced minimum is a national average of \$2.20 per bushel. If parity is higher on July 1, 1954, the dollars and cents support will be raised.

Supports on other grains for which 1954 rates have been announced as set at 85 per cent of parity, the same as for 1953. The national average support levels are: Oats, 75 cents per bushel; barley, \$1.15 per bushel; rye, \$1.43 per bushel; and grain sorghums, \$2.28 per 100 pounds.

MISDIRECTION!

An inebriated man walked into an elevator shaft, fell four floors to the bottom, stood up, brushed himself off and shouted, "I said up!"

Wednesday Is Double Stamp Day

Hamlin Little League About Perfected as Franchise Filed

Saturdays Set as Work Days at Playing Field

Hamlin's Little League baseball movement is well on its way to becoming a reality as the application for a franchise and insurance were filed this week, declared Dudley Griggs, president of the local organization.

Schedules for the playing season were completed Tuesday evening when leaders and boys met at the Hamlin Junior High School gymnasium. First games will be played on Tuesday, May 2, with games slated for each Friday and Tuesday night thereafter until the schedule is completed July 2.

Each Saturday has been declared as work day at the ball park, and everyone interested is urged to go out and help with whatever there is to be done to get the field in shape to play, leaders in the Little League movement declared.

All the four playing teams and the farm club have been organized, and practice sessions are slated to begin soon, according to Don McLaughlin, one of the team coaches.

Boxing Coach Given Writing Set by Boys

Coach Don McLaughlin of the Hamlin boxing team was presented a Sheaffer pen and pencil set by members of his group at the Friday night session of the two-evening boxing tournament at the Junior High School gymnasium. Members of the team were the donors.

"I guess I won the highest award of the tournament," declared McLaughlin, who was taken by surprise by the presentation.

OLYMPICS QUEEN—Evelyn Bruni, 19, daughter of Mr. and Mrs. Ernest Bruni of Laredo, reigned as queen of the 22nd annual Border Olympics at Laredo March 12-13. A native of Laredo, she attended Martin High School and Mount Vernon Junior College at Washington, D. C.

Visiting Boxers Well Treated at Tourney, Pampa Letter States

Evidently the visiting boxing teams were given cordial treatment last week-end at the Hamlin invitational boxing tournament. The following words were taken from a letter received this week by Coach Don McLaughlin of the Hamlin team, from Johnny Campbell, secretary of the Pampa Boys' Club, which has several entries in the tourney:

"I talked with Oren James, Pampa's boxing coach, shortly after he arrived home Saturday. He was so enthusiastic about the Hamlin tournament and so complimentary about the manner in which you folks treated the boys that the club wanted me to express as best as possible our appreciation. The boys insist that it was by far the nicest tournament they have participated in, and all feel they had a wonderful experience."

"We appreciate very much all these things, and hope that the opportunity will come soon for us to repay you."

Rubber stamps at The Herald.

Four-Way Hamlin Boxing Tourney Won by Pampa Boys

Boxers from the Pampa Boys' Club took seven of the 14 bouts staged last week-end in a two-night invitational tournament at the Hamlin Junior High School gymnasium. The Panhandle boys also took the team trophy.

Host Hamlin won five and Rochester took three finals. Fisticuffs from Sweetwater, fourth hentry in the tourney, failed to score a win.

Best boxer trophy was awarded to Roy Williams of Hamlin, who lost by a technical knock-out in the semi-finals of the 125-pound class by Jerry Ratliff of Sweetwater. The sportsmanship award went to Gayle Don Black of Sweetwater.

There were three technical knock-outs in Thursday night's fights and one knock-out, the other 12 fights being awarded on decisions by the three judges.

Nine of Sweetwater's 14 entries were defeated the first night, two in their second fight of the evening, the semi-finals. However, seven Sweetwater boys were unopposed the first night.

Carmen (Poncho) Britto upset the dope bucket by beating Pampa's Dickie James in the final night to wrap up his second trophy of the year. Dickie, Pampa Coach Owen James' son, was highly favored to win the tournament because of his experience, but Britto was master from bell to bell of all three rounds.

Ray Williams sustained a fractured finger in the first round of his semi-final bout. The injury probably kept Williams from winning his class trophy. His injury is not considered serious.

Hamlin lost only three bouts while Rochester dropped one in the first go-around. Pampa took five first round victories, two Pampa boys coming back to the ring later to move into the semi-finals by taking a decision each in their second fight of the night.

Following are the results of the finals matches conducted Friday night:

95-Pound Class—Bennie Dickerson of Pampa defeated Billy Talbot of Sweetwater.

80-Pound Class—Jerry Braddock of Pampa defeated Joe Orna of Hamlin.

65-Pound Class—Dickie James of Pampa defeated Wesley Acklin of Hamlin.

10-Pound Class—Carmen Britto of Hamlin defeated Dickie James of Pampa.

85-Pound Class—Dudley Griggs of Hamlin defeated Ronny Whitaker of Sweetwater.

90-Pound Class—Bernice Derryberry of Pampa won by a technical knock-out over Leslie Stone of Sweetwater in 1:15 of the first round.

105-Pound Class—Jerry Smith of Rochester defeated James Weathered of Pampa.

118-Pound Class—Kenneth Kelly of Hamlin defeated Jerry Lamar of Pampa.

135-Pound Class—Russell Morrow of Pampa defeated Bobby Cairk of Sweetwater.

145-Pound Class—Billy Cooper of Pampa defeated Johnny Wilkerson of Sweetwater.

157-Pound Class—Billy Harper of Rochester won over Vart Corrigan of Rochester by a technical knock-out at the end of the second round.

165-Pound Class—Tommy Richardson of Pampa took a technical knock-out from

Hamlin Schools in Good Condition, Rotary Club Told

Hamlin schools are in fine condition financially, declared Haskell Carter, secretary-treasurer of the Hamlin Consolidated Independent School District, when he presented a sheaf of statistics about the schools at the Wednesday noon luncheon of Hamlin Rotary Club at the oil mill guest house.

With a physical plant valued conservatively at \$1,244,000, the schools have a bonded debt of only \$388,000, none of which is due, declared Carter. This bonded debt, he pointed out, is only 2.4 per cent of the total taxable valuations in the 248-square mile district that has valuations of more than \$16,000,000. Tax collections, he said, are 99 per cent collected to date.

With a tax rate of \$1.25 per \$100 property valuation in the local district, 30 per cent of this amount goes toward retiring the schools' bonds.

Teachers' salaries are \$200 per year above the \$2,460 minimum set by the State Department of Education, Carter said. There are 1,046 scholastics now in the district, which operates nine school buses that travel about 552 miles per day.

Besides Carter, other guests at the Wednesday noon luncheon were Hugh Hardy of Abilene, George Beard of Sweetwater and Lloyd Cook of Lubbock.

Kenneth Kelly, Hamlin High School senior, was recognized as the Junior Rotarian for the month of March.

Winter Peas in Area Doing Well Despite Dry Winter Weather

Winter peas planted on several farms cooperating with the California Creek Soil Conservation District are doing a good job, even though the winter has been dry, report officials of the district.

These peas not only make a top growth but add nitrogen to the soil. The soil is given new life because of the organic matter added to the soil. A few plants grown on the Larry Adamson farm near Radium were observed by farmers attending the meeting at Stamford last week.

"Each farmer should check with his neighbor and observe each soil and water conservation measure being used and then apply it to his own farm," declare officials of the SCS district.

John Barnett of Sweetwater at the end of the second round.

Light Heavyweight—Billy Joe Hollingsworth won by default over Raymond Stone of Sweetwater.

Although it is several months before cotton farmers of the Hamlin area will be worrying much about cotton insects, recent announcements of research scientists will prove of interest to many Herald readers.

One of the latest insecticides to come from the crucibles of the research laboratories is endrin, a chemical believed to be effective against a large number of cotton pests.

This new formula has been found to be the best insecticide thus far tested against the combination of the bollworm and the boll weevil, two of cotton's most destructive enemies. Several other cotton pests are also hit hard by endrin, according to entomologists.

The pink bollworm is still a hold-out, however. This tough little destroyer which accounts for a bigger percentage of damage to South Texas cotton than any other, is relatively unaffected by the discovery.

A word of caution is offered by the scientists. Endrin is toxic not only to insects but also to man and warm blooded animals. Users are warned to follow exactly the recommendations of the manufacturers which are printed on the label of the insecticide container.

Endrin is closely related chemically to dieldrin, one of the cotton

zipper can never take the place of buttons—in the collection plate.

Research Offers Encouragement for Poisoning Fight Against Cotton Insects

For County Treasurer: D. E. (TEMP) WHITE

More Terracing and Tank Building Being Done in Territory

Farmers cooperating with the California Creek Soil Conservation District are continuing their conservation program by terracing additional land.

Soil Conservation Service technicians assisting the district have surveyed terrace lines recently on the farms of L. E. Adams and Edgar Shuquitt near Stamford, and E. W. Green and Joe Culbertson near Hamlin.

W. H. Terry of Stamford has started construction of a water storage tank for livestock water and better distribution of grazing.

Terrace construction was completed and checked by the Soil Conservation Service on the following farms: J. F. Vaughn near Hamlin, Carl Ekdall near Stamford, and C. A. Burkman near Lueders.

Okra Story Teller Speaks at Ladies' Night of Lions Club

Imagined okra was all over the place in the Hamlin Primary School cafeteria Tuesday evening when Henry (Okra) Compton of Abilene ended a 30-minute oration on his garden experience. His story was the feature of the ladies' night affair staged by the Hamlin Lions Club.

Presented by an old acquaintance, W. C. (Ted) Russell, the Abilene yarn spinner immediately defended his reputation as a reckless young farm boy who put in 100 acres of okra in Williamson County instead of the cotton he was commissioned by his father to plant.

President C. C. Bailey of the Lions Club opened the meeting, then presented I. R. Huchingson, former district governor, who acted as master of ceremonies.

Music for the evening's program was provided by a brass instrument trio from Hamlin High School Band. The boys, Bobby Norton, Ronald Carter and John Mac Harwell, using a trombone, cornet and clarinet, played "China Boy," "Ja-Da," "In a Little Spanish Town," "Running Wild" and "Dark Town Strutter's Ball."

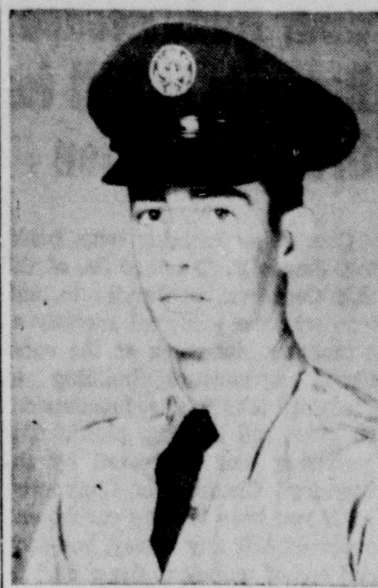

Visitors were present from Anson, Rotan, Sweetwater and Roby Lions Clubs, and Deputy District Governor J. B. Paylor of Clyde was a special guest.

Discussion of a bingo tournament to raise funds for continuing delegates to the International Lions Club convention nearly broke up the meeting, with two members and their wives walking out on the proposal. It was a fun stunt that almost got too serious for some of the guests.

Dr. W. S. Seals Attends Big Spring Seminar

Dr. W. S. Seals, Hamlin dentist, attended the annual Permian Basin Dental Society seminar held in cooperation with the VA hospital at Big Spring Friday and Saturday.

Many modern techniques were demonstrated at the seminar, the Hamlin dentist reported.

COMPLETING his basic air force training course at Lackland Air Force Base near San Antonio is Billy M. Jean of Hamlin (above), son of Mr. and Mrs. J. S. Jean.

Billy Jean of Hamlin Completing Air Course

Billy M. Jean, 18-year-old son of Mr. and Mrs. J. S. Jean of Route 2, Hamlin, is completing his Army Air Force basic military training course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the site of Air Force basic military training for men and women, headquarters of the human resources research center, and home of the USAF officer military school.

His basic military training is preparing him for entrance into air force technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

Five Hamlin Students Pledged to Tech Units

Five Hamlin young men were named this week as pledges of the eight social fraternities at Texas Technological College, Lubbock, as a climax to two "rush weeks" on the campus.

The Greek letter fraternities, recently nationalized local clubs, met their new pledges during the week-end, some for formal pledge ceremonies.

The following Hamlin men are pledged by the fraternities:

Pi Kappa Alpha—Jon Adams, Jerry Glenn Smith and Jerry L. Williams; Sigma Nu—K. S. Balwell; and Kemas—John Edgar Rowland.

Funeral Rites for Mrs. Dora A. Scott Conducted Sunday

Funeral services for Mrs. Dora Agnes Scott, 73-year-old wife of a pioneer Jones County farmer, were conducted Sunday afternoon at the Hamlin Church in Christ. Minister E. M. Borden of the church officiated.

Burial was in the Hamlin East Cemetery under direction of Barrow Funeral Home.

Mrs. Scott died Friday night shortly before midnight at her home, 512 North Central Avenue, after a lengthy illness.

Born January 30, 1879, in Cherokee County, Alabama, she was married to R. L. Scott on July 4, 1898. She came to Jones County with her husband in 1913. Mr. Scott died May 14, 1952.

Survivors include two daughters, Mrs. Lucille Gregory of Fort Worth and Mrs. Gladys Hall of Hamlin; five sons, John Scott of Lawton, Oklahoma, Buddy Scott of Fort Worth, Jimmy Scott of Dallas and Dave and Woodie Scott of Hamlin; three sisters, Mrs. Edna Rose of Dallas, Mrs. Glenna Rose of Waco and Mrs. Alta Floyd of De Leon; two brothers, Walker Little of Dublin and Frank Little of Austin.

William M. Moore New Draft Board Man

William M. Moore of Anson has been informed that he has been appointed a member of local draft board No. 77 at Anson to represent Jones County. He replaces Leon Thurman, who recently resigned from the board.

Moore was appointed by President Eisenhower after being recommended by Governor Allan Shivers. He was advised of his appointment by Brigadier General Paul L. Wakefield, state director of selective service.

Local Board No. 77 has jurisdiction over Jones, Haskell and Shackelford Counties.

Hamlin Masons Go to Special Anson Session

Numbers of Hamlin Masons were scheduled to attend a special meeting last night (Thursday) at Anson honoring past masters of the Anson Masonic lodge.

Members of lodges from a number of surrounding towns had been invited to the session, which was to be the first gathering since the hall at the county seat has been redecorated.

The lodge, Anson Lodge 575, was to host a barbecue and home-made pie supper beginning at 7:00 o'clock.

Stripes look equally gay on pretty girls or houses. When summer sun peeks out, canvas awnings will be unfurled to protect homes from summer heat, while sun-loving girls don canvas sports togs for exposure to Old Sol's tanning rays.

Baptists of Area Go to State Sunday School Convention at Abilene

Scores of Baptists of the Hamlin area were in attendance first of the week at the annual Texas Baptist Sunday School convention at Abilene.

Outstanding state and national Sunday School and denominational leaders appeared on the programs that began Monday and continued through Thursday. The sessions were held at the newly completed First Baptist Church.

J. C. Turner Jr., superintendent of the Sunday School of the First Baptist Church, headed a delegation of about 50 from the local church. Others went also from the North Central Baptist Church and others in the territory.

Winter Peas Holding Moisture in Ground

Winter peas were observed by officials of the California Creek Soil Conservation District on the Cecil Brown farm north of Hamlin, and they were found doing fine. There was more moisture in the soil where peas were growing than in an adjoining field with wheat. The roots of the peas had matted the soil between the rows.

Cecil plans to bed on the rows of peas about April 1, and plant the beds to cotton. With a favorable season, increased yields of cotton may be expected by Cecil on this land.

Highlights and Sidelights FROM Your State CAPITOL

By Verne Sanford, Manager, Texas Press Association.

Austin.—All is far from sweetness and light in the Legislature.

On the session's first day, Senator Joe Russell of Royce City took Governor Allan Shivers and Senator Otis Lock to task, saying that they were Republicans running as Democrats. Russell pledged that he would run for governor, if necessary, to make sure Shivers had an opponent.

Also, difference of opinion persisted as to the method of solving the teacher pay problem. It ap-

pears that stormy meetings are developing over this issue with Speaker Reuben Senterfitt pitted against supporters of the plan presented by Governor Shivers.

Another indication of the tempo was a 10-hour filibuster by Senator Jimmy Phillips of Angleton. Peculiarly enough it came about during a committee meeting. Despite the filibuster, which lasted until 2:00 a. m., the Senate finance committee approved an \$11,000,000 state building program. Phillips' was the only vote cast against it.

Senator Harley Sadler of Abilene commented: "This is my first experience at seeing a filibuster in a committee. It seems so foolish and childish to take the time of a 21-member committee because of the real or imagined objection of one member, and to punish other committee members by a lot of asinine questions."

That threatened march on Austin by the thousands of old folks seeking more pensions fizzled. Only two showed up, Cyclone Davis of Dallas, a persistent candidate for public office, and an 88-year-old Austin man.

Davis announced a gathering on the capitol steps, but he and his aged cohort, plus one page boy and one reporter, made up the crowd.

Oil news brought two cheering notes to the state's financial picture and to legislators seeking revenue to meet current salary and building programs.

Comptroller Robert S. Calvert reported that \$11,000,000 more than he had anticipated nine months ago now is in sight from crude oil sources for the next two years. Last summer's increased taxes from oil is the result of a 25-cent hike in oil prices, Calvert said. For the past year, oil has paid the state more than \$10,000,000 a month.

Another factor that brightened the picture was boosted oil production. It has been on a long

downward trend. Allowable for March was above that for February by 159,000 barrels per day, and further climbs are in sight.

Legislative committees have been studying tax plans to raise the money for teacher and state employee salary increases and for construction work at state institutions.

In the House of Representatives the revenue and taxation committee, headed by Representative D. H. Buchanan of Longview, held a hearing Monday on increasing the state tax on beer.

There were two proposals of this nature. One, by Representative Joe Pool of Dallas would increase the levy from the present \$1.37 to \$10 per barrel. That would bring in an additional \$35,000,000 more per year, according to Pool.

Representative Joe Kilgore of McAllen, handling Governor Shivers' tax plans, introduced the other beer bill, which would hike the tax to \$2 per barrel and raise \$3,000,000 more from that source.

On Tuesday afternoon, the committee had scheduled a hearing on a franchise tax bill, by Representative Kilgore, raising the present levy from \$1.25 per \$1,000 of corporation assets to \$2. Increased revenue here would be an estimated \$8,600,000.

Wednesday afternoon was set aside for a committee hearing on Kilgore's proposal to tax natural gas. About \$14,000,000 would come from this source.

There were many other proposals, but those just mentioned were the first to be considered by the tax committee.

In the Senate, the education committee unanimously approved a compromise plan, endorsed by the governor and the Texas State Teachers Association, to increase teachers' pay.

School leaders told the committee that where teachers already receive the \$2,854 minimum required by the bill, districts could use additional revenue for other purposes.

Representative Tom Joseph of Waco introduced a bill that would provide a minimum pay raise of \$350 for teachers and \$100 for merit raises. Local school boards would determine how to distribute merit pay hikes.

House Speaker Reuben Senterfitt said the Joseph measure came close to his ideas about a "realistic approach" to the teacher pay problem.

Two anti-communist bills were discussed Monday by the Senate civil jurisprudence committee. Senator Rogers Kelley of Edinburg is author of the two measures. They were proposed by the Texas Industrial Commission, appointed by the governor to study subversive influences in Texas.

One of the bills would outlaw Communists in Texas, and the other would establish a Communist review board. A 20-year prison sentence is provided as penalty for Communist party membership.

On Tuesday the Senate state affairs committee considered a resolution by Senator Kelley endorsing the Bricker amendment limiting the authority of federal officials to make international pacts without congressional approval.

Senator Kilmer Corbin of Lubbock introduced in the Senate a resolution designed to stop payment of state funds to Duval County and its independent school districts until financial affairs there are audited.

State and federal agencies have for some time been investigating the financial affairs of the county and school districts, as well as the income tax reports of George B. Parr and others.

State Auditor C. H. Cavness, one

Mickey McIntyre Dies Sunday After Stomach Ailment

Robert J. McIntyre, 63-year-old retired employee of the Shell Pipe Line Company at Hamlin, was buried Wednesday afternoon in the Hamlin East Cemetery. Funeral services were conducted at the Barrow Funeral Home, with Rev. James A. Meure of St. Kevin's Church in Stamford officiating.

McIntyre, who had been seriously ill for several days with a stomach ailment, died Sunday at the Hamlin Memorial Hospital. He had been given numerous blood transfusions in an effort to save his life.

Born September 9, 1890, in Jefferson County, Alabama, he had lived in Oklahoma before coming to Texas. He had been a resident of Hamlin for 18 years.

McIntyre was a member of the Catholic Church, the Fraternal Brothers of the Eagle and the American Legion.

Surviving McIntyre are a sister, Mrs. Mary Cobb of San Pedro, California; three nephews, Robert M. Cobb of San Pedro, Kenneth Cobb of Albuquerque, New Mexico, and Vincent L. Cobb of Cushing, Oklahoma; and a step-daughter, Judy McIntyre.

of the investigators, revealed that numerous records were missing.

C. Woodrow Laughlin of Alice and his attorneys have indicated they will appeal to the U. S. Supreme Court last week's historic ruling by the State Supreme Court which removed Judge Laughlin from office.

Laughlin was elected judge of the politically turbulent South Texas 79th District Court in 1952, with the help of Duval County's George B. Parr. The judge was found guilty of dismissing, without lawful authority, a grand jury which had indicted him to two counts and which also was investigating his brother, County Commissioner W. M. Laughlin.

Members of the Old Party Organization of Women Voters of Duval County, a pro-Parr group, moved into Austin on Friday en masse to express to the governor their views on the Duval County situation.

Dozens of automobiles bearing the party's placards could be seen parked around the capitol grounds.

Good news to Attorney General John Ben Shepherd was the U. S. Supreme Court's refusal to admit a suit challenging state ownership of the tidelands and legislation to that effect passed by Congress last year. Action of the court was described by Shepherd as "a milestone in the long fight of Texas to recover her off-shore lands."

Short Snorts: Wilson Heard Jr., Refugio druggist and rancher, is Governor Shivers' latest appointment to the Texas Liquor Control Board. He replaced L. B. Brown of Dallas, whose term expired.

Nelson Brown, executive director of the Texas Commission on Alcoholism, says that problem drinkers are increasing in number and there are now 200,000 of them in Texas.

Representative Jack Fisk of Wharton wants to stop state colleges and state agencies from buying refrigerated air conditioners because "patients in state hospitals have to get along without air conditioning, an able-bodied college students ought to get along without it, too."

Dan Moody Jr., son of the former governor, was appointed by Lieutenant Governor Ben Ramsey as parliamentary for the Senate for the special session.

MARSHAL NOMINEE—Hobart K. McDowell (above), of San Angelo was nominated by President Eisenhower February 25 to be U. S. marshal for the northern district of Texas.

Aspermont Votes to Sign Water Contract

Aspermont voters last Friday approved by a 105 to 4 margin a contract between the City of Aspermont and the Stonehill County Water Control and Improvement District No. 1. The contract calls for the city to pay \$14,000 monthly for water the district will furnish. The contract had already been signed by city officials, but had to be approved by voters.

Work is scheduled to begin soon on wells near Rule, 12 miles east of Aspermont, and an eight-inch pipeline that will be laid to Aspermont.

Calvary Baptist Duo Attend National Meet

Rev. J. S. Sheppard, pastor of the Calvary Baptist Church in Hamlin, and wife last week attended the annual convention of the North American Baptist Association, held at Amarillo.

Good reports were heard from churches of the nation at the gathering, they reported. Greatly enlarged mission offerings were tabulated, and six new missionaries were commissioned to work in foreign fields—two in Brazil, two in Africa and two in Hawaii.

Next annual meeting of the association will be at Jackson, Mississippi.

Some people gripe about things they want to do and can't, instead of doing things they could do but don't.

Guar Adds Needed Deposits to Soil for Crop Production

Comparing farming with banking, James F. Dominey Jr. of the Soil Conservation Service in Abilene was the principal speaker at a meeting last week at the vocational agriculture building at Stamford that featured discussions on guar, soil building plant. The gathering was sponsored by the Stamford Chamber of Commerce.

"If you keep writing checks and never deposit any money, you soon run out of money to draw on," he declared. "And, if you continue to remove crops from your land and never put anything back, you will soon run out of fertility to produce crops."

It was pointed out that guar is a sun-loving, heat and drought-resistant legume, which is very adapted to the soil of the California Creek Soil Conservation District. Guar should be considered, first as a soil improving crop, and secondly, as a money crop. Two commercial firms are in the market for guar seed, and if enough acreage is planted in this area, a buyer will be assigned to the section.

Slides were shown on the benefits of planting guar on cotton and maize following it. Several farmers were present who had planted guar, and they told their experiences with it.

Coffee was served by the Stamford VA department to attendants at the meeting.

Floyd E. Lafler Arrives in Tokyo with Army

Army Private Floyd E. Lafler, 21-year-old son of Mr. and Mrs. Frank J. Lafler of 315 Northwest Avenue C in Hamlin, recently arrived at Tokyo, Japan, for duty as a cashier with the 156th Finance Disbursing Section at Camp Tokyo headquarters.

Units in the Tokyo area furnish important services and supplies to U. S. security forces in Japan and Korea.

Private Lafler attended Stephen F. Austin College before entering the Army last June.

UNUSUAL EQUIPMENT.

"No, I can't say I've ever had to complain of back seat driving. In 15 years years I've never had a word from behind."

"What kind of a car do you drive?"

"A hearse."

NOTED COACH DIES—Fred Cobb (above), 55, noted college golf coach, died unexpectedly Wednesday at his home in Denton. He was coach of North Texas State's golf team. Cobb became coach at the Denton college in 1940 and since then developed four national champion collegiate golf teams in a row. He also coached Billy Maxwell of Odessa, who was a student in the school when he won the U. S. national amateur golf championship in 1951.

Two County Singers to Gather at Stamford

Singers and song lovers of the area are invited to the Haskell and Jones County singing, slated Sunday afternoon at the Swenson Avenue Baptist Church in Stamford.

Singing will get underway at 2:00 o'clock, according to officials of the group, who invite the public to participate in the gathering.

Santa Fe Carloadings Running Below 1953

Santa Fe Railway System carloadings for the week ending March 13, 1954, were 20,363 compared with 22,286 for the same week in 1953. Cars received from connections totaled 11,735 compared with 13,759 for the same week in 1953. Total cars moved were 32,098 compared with 36,045 for the same week in 1953.

Santa Fe handled a total of 32,512 cars in the preceding week of this year.

Two family cars are better than One!

Over 400,000 families own two Fords and enjoy all the practical advantages and conveniences of two quality cars at costs not too much different than those of one expensive car. Yet in feature after feature Ford duplicates these expensive cars... as thousands know who have already joined the 2-Ford family fold.

Just think!... for the price you pay for just one car of some makes you can have two 1954 Fords. Whether you choose the new I-block Six or Y-block V-8, you get the last word in high-compression, low-friction power. And you get the greatest advance in chassis design in 20 years—new Ball-Joint Front Suspension. In Ford you get a new Astra-Dial control panel too, Center-Fill Fueling, suspended clutch and brake pedals and a hull-tight Crestmark body, all exclusive with Ford in the low-price field. With this host of fine car features and many more, Ford offers you a car that's worth more when you buy it... more when you sell it.

'54 Ford
SEE IT... VALUE CHECK IT... TEST DRIVE IT!

Now more than ever
